The Fulco Brothers are made up of 2 brothers, Jesse Fulco and Tyler Fulco. They have both been playing music since the age of 4. Growing up all over the world, Jesse and Tyler have years of experience with traveling, live performances, studio recording, production, and songwriting. Both brothers are multi-instrumentalists. Taking inspiration from various artists and music styles, The Fulco Brothers are genre bending artists that don't limit themselves to 1 style. They write, record, and perform together.
